

Tying a Bowline Knot²

Directions: Read the instructions and tie a bowline knot.

Step 1: Make a small loop near the white end of the rope with the white end behind the loop (figure 1).

Step 2: Hold the white end in a vertical position.

Step 3: Pass the colored end upward through the loop and around the white end (figure 2).

Step 4: Return the colored end downward through the loop (figure 3).

Step 5: Pull both ends to tighten the knot (figure 4).
